# FREE Nicotine Replacement Therapy (NRT)

Quitline Tasmania is currently providing FREE Nicotine Replacement Therapy (NRT).

NRT products help to reduce nicotine withdrawal symptoms such as cravings, irritability, mood swings and anxiety, making quitting easier.

NRT along with behavioural support from our qualified counsellors = a greater chance of successfully quitting.

\*Available to those who are:

- Youth (12-25 years)
- Aboriginal and Torres Strait Islander
- Pregnant and/or their partner

\*Conditions may apply. Limited time only.

Refer your clients/patients here
